

ADDLESHAW GODDARD IN ISRAEL

INTRODUCTION

We are a premium international full-service law firm dedicated to delivering a results driven, quality service that clients return to time and again. We have over 20 years' experience advising clients in Israel. We also have a full service network of offices in the Gulf including in Dubai, Qatar and Oman. We are well placed to support clients doing business in the region.

Our aim is to deliver the best legal advice for clients doing business in Israel and Israeli clients doing business abroad, whether in the UK, Europe, the Gulf States or the Far East. In Israel this means collaborating with local premium and boutique firms to deliver cost-effective solutions. We have honed a strong process-orientated delivery model with our preferred firms which means we are collectively focused on the client's objectives, achieving their goals, whilst minimising risk.

Our Israel Business Group is comprised of lawyers with particular expertise in M&A, Infrastructure Projects, Real Estate, Fintech, Health, Retail, International Arbitration and Global Investigations.

We look forward to discussing how we can help you and your business in Israel and beyond.

OUR CREDENTIALS

- Advising Hexion UK Ltd on export controls regarding the exporting of chemicals from the UK to Israel.
- Advising Bank Leumi Israel on their Comprehensive Non Payment Insurance policy.
- Acting for Tellon Capital with financial backing from numerous High Net Worth Israeli private investors in the acquisition, financing and redevelopment of major properties in Southampton, Basingstoke and London.
- Advising on various upstream oil and gas development and financing and midstream pipelines and power projects, including the largest gas discoveries in the east Mediterranean region as well as several LNG projects. We have also advised on independent water and power (IWPP) projects, as well as PV solar and wind energy projects in the region. We have also advised China State Grid on its successful circa US\$ 1 billion acquisition of a 49% stake in Oman Electricity Transmission Company, a major part of Oman's electricity sector privatisation programme.
- Advising SafeCharge International on various transactions including its £245m IPO on AIM and its £700m subsequent takeover by Nuvei Corporation, the largest Aim company takeover in 2019.
- Advising Israeli investors acquiring a stable of UK based care homes.
- Advising a UK pension fund in relation to the advancing of a £22m development loan to finance the construction of a hotel in Manchester to be operated by an Israeli based international brand.
- Advising an Israeli company in the digital payments sector including on their regulatory obligations and to adapt their commercial arrangements to operate in the UK.
