

COMMERCIAL LITIGATION

Your aim is to resolve a dispute as efficiently and as cost-effectively as possible or to avoid disputes in the first instance. Members of our Oman team sit as arbitrators and mediators and therefore have the necessary experience to advise on the most efficient way to resolve a dispute.

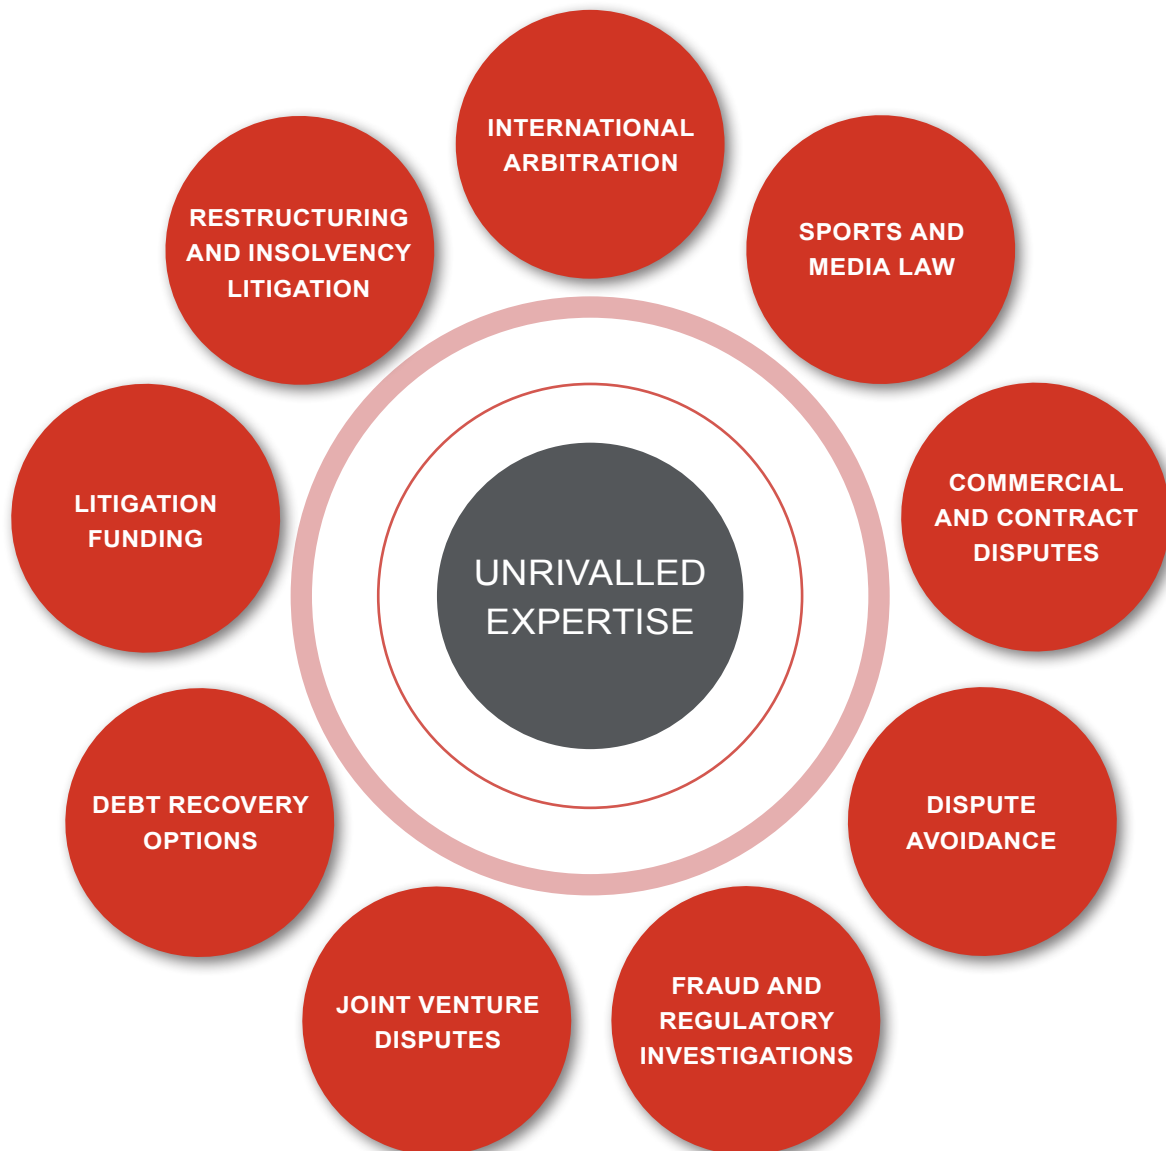

We have a particular focus on shareholder, joint venture and commercial agency disputes, issues that are prevalent in the Sultanate. We have the experience and expertise to assist you with legal and commercial strategy and ensure the strategy is properly carried out.

As well as engaging in disputes, the team advises on identifying and managing risk and attempts to resolve

disputes before legal proceedings are commenced allowing you to carry on your commercial relationship with a potential litigation opponent.

We are highly experienced in litigation cases before the local courts of Oman, DIFC Courts, the High Court and Court of Appeal of England & Wales, and arbitration cases before the LCIA, DIFC-LCIA, ICC, ADCCAC, Premier League Managers Arbitration Tribunal and Court of Arbitration for Sport.

Addleshaw Goddard remains at the forefront of innovative funding solutions and can offer businesses budgetary certainty through its AG Cost Control product.
