

DATA TRANSFERS EXPRESS – THE ONE-STOP SOLUTION FOR MANAGING INTERNATIONAL DATA TRANSFERS

DATA COMPLIANCE & AI TECHNOLOGY TOOL AT YOUR SERVICE

THE CHALLENGE

The CJEU Schrems II requirements, the European Commission's new Standard Contractual Clauses (EU SCCs) and the UK Information Commissioner (ICO) International Data Transfer Agreement (IDTA) call for new Transfer Impact Assessments (EU TIAs) or Transfer Risk Assessments (UK TRAs), repapering of the (i) EU SCCs or (ii) implementation of the IDTA and the UK Addendum as well as the adaptation of the ways organisations transfer personal data internationally.

Mitigating the many complexities and risks is only a small part of the challenge. Many legal teams simply do not have the resource to undertake the assessments and the contractual amendments needed for compliance.

So why not let our solution do the hard work for you?

THE SOLUTION

Data Transfers Express is a one-stop shop solution helping you to comply and implement the changes required in a straightforward and convenient way. It can deal with standard, complex or large volume of contracts.

IN 3 SIMPLE STEPS:
