

DATA TRANSFERS EXPRESS – THE ONE-STOP SOLUTION FOR MANAGING INTERNATIONAL DATA TRANSFERS

DATA COMPLIANCE & AI TECHNOLOGY TOOL AT YOUR SERVICE

THE CHALLENGE

2020 saw major developments to data protection rules governing international transfers. The CJEU Schrems II requirements and the European Commission's new draft Standard Contractual Clauses (SCC) call for new Transfer Impact Assessments (TIAs), repapering of the SCCs and adaptation of the ways organisations transfer personal data internationally.

Mitigating the many complexities and risks is only a small part of the challenge. Many legal teams simply do not have the resource to undertake the assessments and the contractual amendments needed for compliance.

So why not let our solution do the hard work for you?
